Rushmore 50 Clean-Face Direct-Vent Fireplace WITH TRUFLAME TECHNOLOGY

Rushmore

WHITE MOUNTAIN HEARTH®
by Empire Comfort Systems

RUSHMORE 50 CLEAN-FACE
Direct-Vent Fireplace

The Rushmore 50 features a dual burner that creates a tall lively fire, accented with the massive Forest Timber log set and large glowing ember bed. The huge ceramic glass front allows heat to easily transfer into your living space and provides a clear view of the fire.

While the Rushmore is a visually stunning fireplace, what you can't see makes it even more impressive. TruFlame Technology – featuring a ceramic catalyst – minimizes emissions while maximizing heat efficiency. This results in the most realistic flames, reminiscent of a wood burning fire.

An external air control eliminates the guesswork during setup and allows your dealer to fine tune the flame, ensuring a beautiful fire.

Rushmore 50 Clean-Face Fireplace with Black Porcelain Liner and Forest Timber Log Set
