

## GASLOGSETS

Available in Vent-Free and Vented Applications

— The Pinnacle of Efficiency —

Empire Comfort Systems created the White Mountain Hearth collection to give you more options in a gas log set. With several distinct log looks, in sizes from 16 to 30 inches, this special collection helps you tailor your hearth's look to top off any room décor. Choose from our traditional lines – Charred Oak (our most popular log), Sassafras, Birch, Stacked Aged Oak or Morgan Creek. Our Super Log Sets boast bigger logs and more of them – choose Charred Oak, Sassafras or Ponderosa. And our Flint Hill and Whiskey River log and burner combinations provide exceptional realism at a competitive price.

## CONTOUR BURNERS & LOG SET COMBOS

The Flint Hill Log Set features richly detailed, hand-painted logs mounted atop our vent-free Contour Burner. Includes glowing embers to add to the illusion of a real wood fire.

The Whiskey River Log Set features the same burner and ember package as the Flint Hill, but with refractory logs. This log set/burner combo features ultra-realistic, chunky logs with loads of hand painted detail.

Both log set/burner combos are available in 10,000 Btu for bedroom applications, where allowed.

*Designed for see-through, island and peninsula fireplaces, our multi-sided log sets are available in 18-, 24-, and 30-inch sizes to provide a fuller look. The Vented/Vent-Free Slope Glaze Vista Burner looks great from any angle. With its expansive ember bed and lazy flickering flames, the Vista helps complete the scene.*

## ROCK CREEK

The Rock Creek set features richly detailed and hand-painted refractory logs artfully stacked to complement the Slope Glaze Vista Burner. With bark, split-wood, and sawn ends showing, the set provides visual interest aflame or at rest.
