Cast Iron Stoves

Vent-Free Cast Iron Stoves

Empire Compact Vent-Free Stove in Matte Black with optional Side Shelves

Empire Vent-Free Gas Stoves

Vent-free Empire Stoves come standard with Empire's Contour burner system. The Contour Burner features precision-port technology to produce vibrant flames. Topped off with the hand-painted ceramic fiber log set and glowing embers, the effect is as realistic as a gas-fired stove gets. Vent-free technology eliminates the need for venting, which provides flexibility with installation and room placement.
